website: [www.hovercraftfun.com](http://www.hovercraftfun.com)

# Activities:

**Hovercrafting:** experience the thrill of gliding over land and water on a cushion of air at 30mph, on our purpose built grass track with abundant water hazards and tricky hairpins and bends. Capable of carrying 2 people, although best performance is achieved as a single seater, our specially designed Eagle 447 craft, are easy to operate with minimal tuition, but require nerve and new “driving skills”, to maximise the exhilaration of skimming in and out of water hazards at high speed.

Under 16's must be accompanied by one of our instructors.

**Powerturn Buggy:** a new concept in off road buggies, these extremely agile, roll cage buggies, bring a whole new dimension to acrobatic bugging. With each rear wheel having it's own engine, forward thrust and steering is achieved through throttle columns, which will test your coordination and reflexes to their limits. Wheelies, 360° turns, spins, and straight line spurts, can be achieved with a little practice, and as they are twin seater, they offer great opportunities for teamwork.

Under 16's must be accompanied by an adult who drives the buggy.

**Laser Clay Shooting:** the ultimate in friendly competition, with 5 guns all shooting at the same target – who can hit it 1st, or most often, or at all!

A variety of different games can be selected, and the master scoreboard reveals a running total for all the marksmen. Our experienced M.C. will provide a running commentary on the progress -or lack of it- for all participants. Hugely entertaining, with a competitive edge! Available to all ages, if capable of holding the authentic shotguns, and also can be hired for off site parties or events.

**Target Archery:** another new skill to be acquired, the ancient art of archery provides a little relief from the buzz of the motorised activities. However, it does require skill and concentration to get the best results from our modern competition bows. Personal tuition from an experienced archer, with tips on technique and principles of archery, will let you leave feeling like Robin Hood. Available to all ages, if capable of drawing the bow.

**Other facilities:** Comfortable reception area, with toilets and showers. Personal lockers available. Tea and Coffee, soft drinks and ice creams.

Protective overalls provided for hovercrafting and bugging, along with safety helmets and life-jackets. Transport from reception to site by tractor & customised trailer.

# Foyle Hovercrafting & Leisure

– *for a fabulous fun day out !!*

Situated on the shores of Lough Foyle, under the awe inspiring back drop of Binevenagh Mountain, a recently designated Area of Outstanding Natural Beauty, Carrowmena Farm is home to Ireland's 1st purpose built hovercraft track. Just off the A2 Causeway Coastal route, **Foylehov** can be easily accessed by visitors to any of the other myriad of attractions in the North – West – Giants Causeway, Northern beaches and golf courses, Roe Valley Country Park, Derry's historic Walled City – and is only just over an hour away from Belfast.

The purpose built track with it's tricky corners and hairpins, alternating with thrilling water hazards, provides an ideal location for an activity filled couple of hours designed to test skills which you never knew you had. Hovercrafting, acrobatic bugging, laser clay shooting and archery provide the perfect diversion to relieve the modern day stresses of the workplace. So why not organise a group of friends to come down and experience some new thrills and skills amidst some of the most beautiful countryside in Northern Ireland.
